

# VRS DIRECT HEAT MELTERS

**FAST MELT DIRECT HEAT MELTERS** constructed with a multiple-circuit, blanket-type heating element which is uniformly applied around the crucible. The result is **TOTALLY** uniform heat - NO hot spots, cold spots or overheating. Temperature controls start the heating element for a quick heat up to maximize your production time. These melters are ideal for use with both wax and gel. Variable temperature ranges from 60 to 250 degrees Fahrenheit. If you need melting or pouring temperatures above 250 degrees Fahrenheit, our VRS Direct Heat Melters are the perfect match also. Exclusively a Rite-Hite product that is manufactured on-site in our factory, offers *fast* melting, heavy duty stainless steel construction, heated valve, and temperature controls. You can easily mix your color and scent directly into these units, or use them to melt your material. These melters, combined with our EZ Dispensing Systems, make very affordable, efficient, fast filling production systems. Order your system today!

## **MELTERS ARE IDEAL FOR USE WITH THE FOLLOWING MATERIALS:**

- Wax
- Soy
- Vegetable
- Palm Wax
- Soap
- Gels

## **SPECIFICATIONS:**

- 18 gauge stainless steel crucible
- 20 gauge stainless steel shell
- Cover: loose; aluminum with heat-resistant knob
- 2" fiberglass insulation
- Multiple-circuit, blanket-type heater for uniform heat
- Heated long-life, no-drip ball valve dispenser
- 6' power cord
- Electronic temperature control (60-250F, 40-410F and 150-550F range)
- Two zone heat on 40 and 60 quart models

## **OPTIONS:**

- Specify 120 volt or 240 volt power.
- Digital electronic temperature control
- Variable temperature ranges. Specify 60-250 degrees Fahrenheit, 40-410 degrees Fahrenheit or 150-550 degrees Fahrenheit.

### VRS DETAILS BY UNIT:

<u>Description</u>	<u>I.D.</u>	<u>O.D.</u>	<u>Watts</u>	<u>Capacity in lbs.</u>	<u>Price</u> <i>(does not include shipping)</i>
VRS-4 qt	6 $\frac{3}{4}$ " x 7"	10.375" X 11.5"	480	6 lbs.	\$534.00
VRS-12 qt	10" x 9"	15" X 13.875"	720	19 lbs.	\$583.00
VRS-18 qt	10" x 14"	15" X 18.375"	960	30 lbs.	\$677.00
VRS-40 qt	14" x 16"	17.875" X 19.875"	1440	65 lbs.	\$880.00
VRS-60 qt	14" x 23"	17.875" X 26.875"	1920	106 lbs.	\$1034.00
VRS 80 qt	14" x 30"	17.875" X 33.875"	2280	130 LBS.	\$1320.00

- For units with the 40-410 Fahrenheit controls and a heated ball valve please add \$200.00
- For temperatures over 410 Fahrenheit and a heated ball valve please call for pricing.
- For single zone digital control please add \$575.00, dual zone control add \$1150.00.

(WE ACCEPT VISA, MASTERCARD, AND AMERICAN EXPRESS CREDIT CARDS, CASHIERS CHECKS AND MONEY ORDERS; PREPAYMENT REQUIRED)
